Git Hub : Raushan228
Mobile: +91-6203345765

Skills

- **Languages**: C++, Java, C, Python
- **Frameworks**: HTML and CSS,
- **Tools/Platforms**: Vs Code, IntelliJ IDEA
- **Soft Skills**: Problem-Solving Skills, Communication Skills, Time Management, Leadership

Internship

DSA Summer Training | Lovely Professional University May 2025

- Build a strong foundation in DSA concepts
- Improve logical and analytical thinking
- Provide hands-on coding experience with **C++ / Java / Python**

Projects

Network Vulnerability Scanner & Log Analyzer | Link July 2025 – August 2025

- Designed and developed a high-performance multi-threaded Network Vulnerability Scanner in C++, capable of scanning 1,000+ ports per second with accurate classification of open, closed, and filtered ports.
- Implemented efficient socket programming and concurrency mechanisms to optimize parallel port scanning and reduce network latency.
- Developed service detection modules for SSH, FTP, HTTP, MySQL, and SMB using banner grabbing techniques for real-time service identification.
- Engineered a vulnerability detection engine to identify security misconfigurations, including FTP anonymous login, weak HTTP security headers, and exposed Telnet ports.

Tech: C++, Java, Networking, Cybersecurity Tools

DSA Toolkit — Algorithms & Visualizer | Link June 2024-July 2024

- Designed and developed a comprehensive DSA Toolkit implementing core algorithms including sorting, searching, recursion, stacks, queues, linked lists, trees, and graphs.
- Built an interactive visualization module to demonstrate step-by-step execution of algorithms such as Bubble Sort, Merge Sort, Binary Search, BFS, and DFS.
- Optimized algorithm implementations with time and space complexity analysis, improving performance understanding and practical problem-solving skills.
- Integrated a user-friendly interface enabling real-time input, execution tracing, and dynamic visualization to enhance conceptual clarity and debugging efficiency.

Tech : C++, Java, Algorithms

Certificates

- Fundamentals of Network Communication(Coursera) |Link May 2024 - Sept 2024
- Introduction to Hardware and Operating Systems(Coursera) |Link July 2024 – Aug 2024
- Responsive Web Design (FreeCodeCamp) |Link June 2024- Aug 2024
- Bits and Bytes of Computer Networking (Coursera)|Link May 2024 – Sept 2025

Achievements

- **LeetCode 100+ Solving Problem** January 2024
  Among 50k+ participants in Leetcode Biweekly Contest

Education

- **Lovely Professional University** Punjab, India
  Bachelor of Technology - Computer Science and Engineering; ***CGPA: 5.92*** *Since August 2023*
- **Shri Ramlakhan Ramchandeswar High School Lalgarah** Sheohar, Bihar
  Intermediate; ***Percentage: 71%*** *April 2021 - March 2023*
- **Delhi Public School** Sheohar , Bihar
  Matriculation; ***Percentage: 60%*** *April 2019 -March 2020*
